

Companion Guide to the Ansell-Casey Life Skills Assessment

Welcome to Vstreet – a comprehensive (and fun!) life skills training and support website for teens. Vstreet is a dynamic tool that uses visual learning to teach essential life and social skills, develop personal organization, and encourage self expression.

The following pages outline how Vstreet features and curriculums apply to each domain of the Ansell-Casey Life Skills Assessment. Use this guide to create an individualized learning plan for students, or review how all the Vstreet curriculums will fit into your training goals. Training topics do not have to be followed in any particular order but can be accessed as needed. Keep in mind many curriculums may apply to several domains. Contents are presented in the following format:

1. ACLSA Domain
2. Titles of Vstreet curriculums and features
3. Main points taught in each curriculum as they relate to the domain.
